

Introducing the Multilevel ISP Funeral Trolley, a compact and lightweight solution that excels in manoeuvrability during the removal process. With its multi-height capability, it simplifies sideways body transfers, offering ease and convenience.

What sets the Multilevel ISP apart is its interchangeable removable First Call Stretcher, designed to facilitate removals in space-restrictive areas with efficiency and care. Moreover, it features a "roll-in, roll-out" system, enabling it to seamlessly fit into even the smallest nursing home lifts in an upended position, all without imposing any weight on the operator. The Multilevel ISP represents a thoughtful and versatile solution for funeral professionals, ensuring smooth and dignified removals in various settings.
