

## Information

To further help with your manual handling needs Auden have designed the Compact Coffin Lifter. The Coffin Lifter reduces the times you need to transfer a coffin and removes the heavy lifting. Away from your premises, it may be transported under the hearse deck for use as and when needed. The Lifter is battery powered and mains chargeable and is controlled from a mounted hand controller. The Lifter can also be fitted with a velvet cover and used in the traditional way in your Chapel of Rest.
