

Information

Our front and rear leg design has allowed us to incorporate more features including the option of an independent rear leg system which holds the weight until the trolley is further into the vehicle. The wheelbase has been lengthened with a wider rear track to increase stability of the trolley coupled with the large diameter wheels adding to its rough terrain capabilities.

Specifications

Length	76" / 193cm	Min Height	10.5" / 27cm
Width	23" / 58cm	Loading Wheel Height	23" / 58cm
Max Height	30" / 78cm	Max Load	200kg / 31st
